

Alger Public Library

Minutes of Emergency Remote Meeting – 5/17/2023

Subject: Plumbing Work at Library

Grothouse Plumbers started the plumbing work and found additional problems – sewer line cracked. Cast iron pipe is cracked clear back to at least the boys’ bathroom toilet. They are going to have to replace the plumbing into the floor further, which will change the estimate and add more work to be done.

Communications were done by text messages.

Stephanie Nichols	This is our sewer. It is cracked and they are going to have to go back further. They are waiting for instruction to go further. Jane and I believe we are at a point we are going to have to go ahead and repair. Please reply all – let us know yes or no asap. (Picture attached, below)
Jane Wilcox	It needs to be fixed, otherwise we’ll have health department issues. I’ll record these messages as meeting notes.
Katherine Moore	I mean if it needs fixed then we should fix it.
Craig Decker	I mean at this point we have to say yes, no matter the cost. The floor is tore up.
Stephanie Nichols	It definitely needs fixed. It wasn’t something that happened overnight. Just need to clear it with the other Board members.
Tim LuceWireman	Just do it. It has to be done no matter what.
Rhonda Hunt	Has to be done, so do it.
Stephanie Nichols	Okay. We will give them the go ahead. Thanks everyone.
